### DETAILED ACTION

1. Applicant's amendments filed 3/7/07, 4/20/07 and 5/14/07 are acknowledged and have been entered.

2. The amendment filed 5/14/07 is objected to under 35 U.S.C. 132(a) because it introduces new matter into the disclosure. 35 U.S.C. 132(a) states that no amendment shall introduce new matter into the disclosure of the invention. The added material which is not supported by the original disclosure is as follows: the drawings/photographs filed 5/14/07 have deleted the letter "P" from Figures 5 and 14.

*The deletion of said letter "P" creates new matter. The instant specification on page 15 at lines 1-2 in the Brief Description of the Drawings discloses that "P" is the position of the non-amplified primers.*

Applicant is required to cancel the new matter in the reply to this Office Action.

3. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the drawings/photographs filed 3/7/07 have handwritten text as part of Figures 5, 14 and 15. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

4. This application is in condition for allowance except for the following formal matters: The drawings as enunciated above at item #3 and the new matter objection as enunciated above at item #2.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935). A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
